Guidelines for Contributors

Original research articles in any branch of science are invited from researchers working in any research organization for publication in the "*Journal of Research and Development*" an annual publication of the Centre of Research for Development (CORD), University of Kashmir, Srinagar. Review papers from senior faculty based on thorough critical assessment of published data can also be considered. **The manuscript should be submitted along with a certificate stating that the information embodied in the communication has not been published and is not under consideration for publication elsewhere.** The manuscript should be in MS WORD on a CD accompanied by a hard copy of the text on paper (along with original photographs if used in the text). Normally the script should not exceed twenty A-4 size pages (having all round margins of 1.5" and 1.5 lines space in between the lines) including abstract, tables and references. Manuscript may generally be organized in the following order: A concise and informative title followed by name(s) of the author(s), address(es) of the author(s), an abstract not exceeding 200 words giving the significant findings; a few key words for indexing and information retrieval; introduction; materials and methods; results; discussion; acknowledgements; references. Text should be in English, well written, precise and to the point. Tables should be numbered in Arabic numerals in order of their mention in the text. A comprehensive title should be typed above the table. Footnotes should be indicated by superscripts and typed at the bottom of the tables. Plates, Figures, Tables should be arranged as per their occurrence in the Text and Serial Number. Legend to figures and photographs to be given below the Figures/Plates concerned. Units and Symbols should follow the metric system.

The reference list should be arranged alphabetically according to the surname of the first author. More than one reference of the same author(s) for different years should be arranged chronologically. Only the references cited in the text need to be given in the list of References. Abbreviations of journal titles in reference list should follow the forms used in World List of Scientific Periodicals. References should follow the pattern as exemplified below:
