Srinagar.

Subject: Request for approval to organize a Lecture Series in the CORD

Respected Sir,

With reference to the subject cited above, we seek your kind approval to organize a lecture series for M.Sc. Microbiology students and Ph.D scholars of CORD. The programme aims to provide academic exposure and guidance in emerging areas of research. The speakers have agreed to deliver the lectures voluntarily without any remuneration or financial implications.

The proposed details are as follows:

Date: 09 September 2026,

Venue: Centre of Research for Development (CORD)

Speakers:

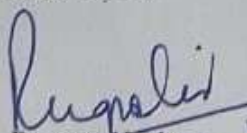

1. Prof. Dr. Dilduza Jabborova Pushkinovna

Institute of Genetics and Plant Experimental Biology, Academy of Sciences of the Republic of Uzbekistan,
Uzbekistan

Topic: Rhizobacteria: Guardians of Plants and Soil Health

The programme is expected to benefit and motivate the students and research scholars. We shall be grateful for your kind approval to organize the programme on the proposed date.

Yours Sincerely

Dr. Ruqeya Nazir
