Thursday 17 August 2017

To Whom It May Concern,

This letter is to certify that Sumira Tyub recently attended the 2017 ESA Annual Meeting (August 6 - 11) held in Portland, OR. The Oregon Convention Center was the primary location for meeting activities, although some optional programs and social events took place at other locations nearby.

The formal scientific program included plenary sessions, symposia, organized sessions, and contributed sessions. In addition, informal sessions such as workshops, scientific field trips, and numerous business meetings for specific groups took place. A host of social, networking, and special events were also offered to complement the scientific program.

As an integral part of this exciting program, Dr. Sumira Tyub presented "*Diversity of root-associated ectomycorrhizal fungi of Pinus wallichiana in Kashmir Himalaya*" (abstract #68045) at 4:30 PM on Wednesday, August 9, 2017. This presentation was part of a Contributed Posters session titled, PS 38: "Ecosystem Management."

For more detailed program information, please visit the meeting website at <http://www.esa.org/portland>. If you require any further assistance, please contact me using the information shown below. Thank you.

Sincerely,

Faye Pastor
Exhibits & Meetings Manager
